THIS SUMMER, MUSEUM & SPORTS

This summer, join us to explore the inspiring world of sport through our summer programme!

Sporting values are at the heart of the activities offered at the Museu Olímpic i de l'Esport, managed by Fundació Barcelona Olímpica. The summer holidays provide an ideal opportunity to create meaningful learning experiences for children and young people. Through dialogue, discovery and games, we work to promote values such as respect, cooperation, teamwork, commitment and empathy – the core principles of sport and Olympism.

Below you will find the full programme of activities, organised by age group and activity type.
